

What I have done in a day

- 2 post images for social media posting
- 5 game ideas
- Signal cortex icon
- Work hour tracking sheet
- Counting time user interface (<https://www.figma.com/file/KuRbzk6FzNXK5qVanjfr2/Untitled?node-id=21%3A24>)
- Counting time developer notes
- First Prototype presentation slide
- Image manipulation

What I have learn today

First time knowing App architecture, and how to structure the term

What I find difficult:

When making the presentation, I have hard time to identify the slide and find appropriate
