

What I have done in a day

- 2 post images for social media posting
- Scheduled posts for Twitter, Facebook, Instagram for this week
- Add services section to Facebook page
- Post 1 post for LinkedIn, twitter, facebook, instagram today
- 5 game ideas
- Counting time user interface (<https://www.figma.com/file/KuRbzk6FzNXK5qVanjfr2/Untitled?node-id=21%3A24>)
- Counting time developer notes
- Work tracking sheet revision
- thefirstprototype.com website revision
- Image manipulation

What I have learn today

There is a service section on Facebook Page

What I find difficult:

Writing developer notes for developer, since I do not have experience as a mobile app developer and I am learning how to translate my design to developer.
